Note: Microsoft Visual Studio products can only be purchased together with ASNA's AVR for .NET. It is not available separately.

ASNA[®] Deployment Pricing € Euro

DataGate[®] for .NET

DataGate[®] Windows Desktop or Windows Server (DataGate/WD or DataGate/WS)- A DataGate[®] license enables a user to access the DataGate[®] database from a program that is directly connected to the database server using TCP/IP, or on a stand-alone PC. A license must be purchased for each user concurrently accessing the database.

DataGate[®]/400 - DataGate/400 is middle-ware that provides fast, record-level access to the AS/400 DBMS.

# of Users	DataGate [®] /WD	DataGate [®] /WS or Datagate [®] /400 Per machine	Volume Savings per User approx	Unlimited DataGate [®] Users per iSeries/400 Server	
				Price Group	Price per AS/400
5	€805	€805	€161	05	€5.880
20	€2.855	€2.855	€143		€5.880
50	€5.880	€5.880	€118	10	€9.440
